ABOUT Us

HuNet Technologies LLP is an Product & Project Consultancy Services Company Established in 2014 engaged in Providing Solutions to Design, Manufacturing and Supply of Industrial Automation & Industrial Equipment's

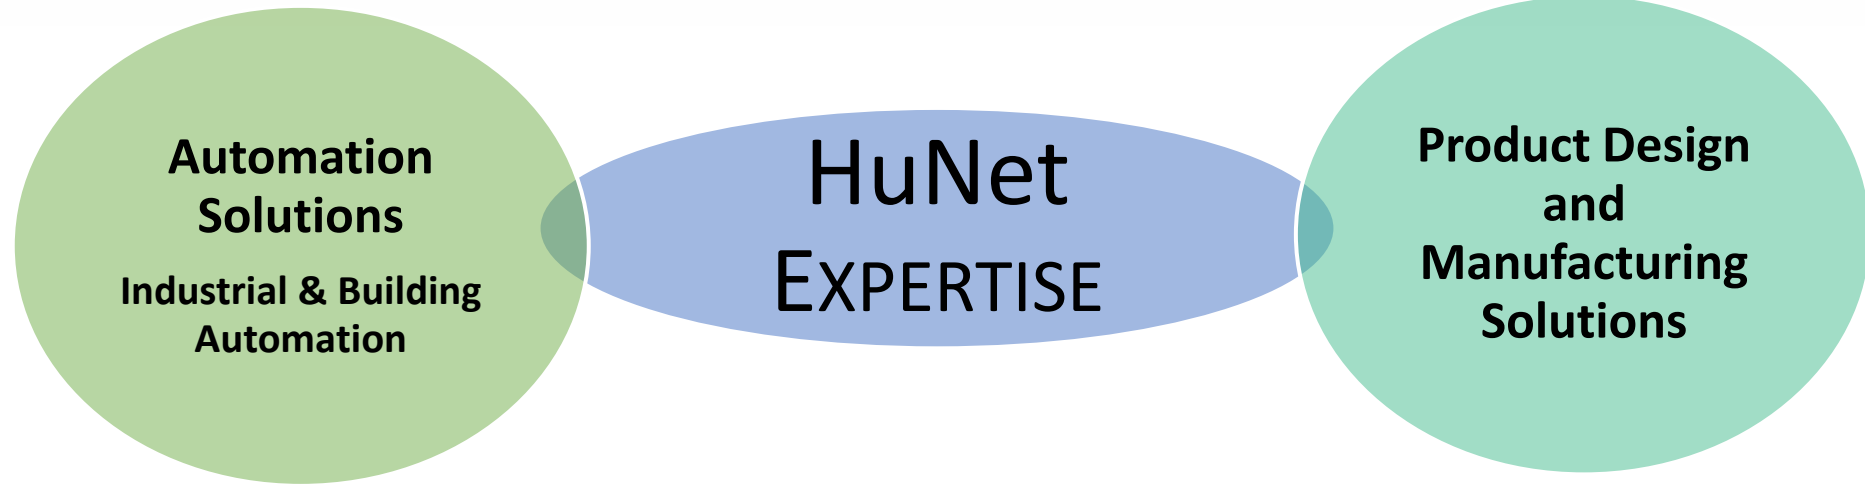

HuNet technologies was registered as LLP by a group of experienced Engineers with strong belief in the Infinite Capability of The Human mind to help make this world a better place to live in and HuNet is a small Endeavour in this regard.

We are a team of like-minded Individuals with wealth of engineering expertise striving to build a Strong Structure of Human Network on the foundation of Human Values.

OUR SERVICES

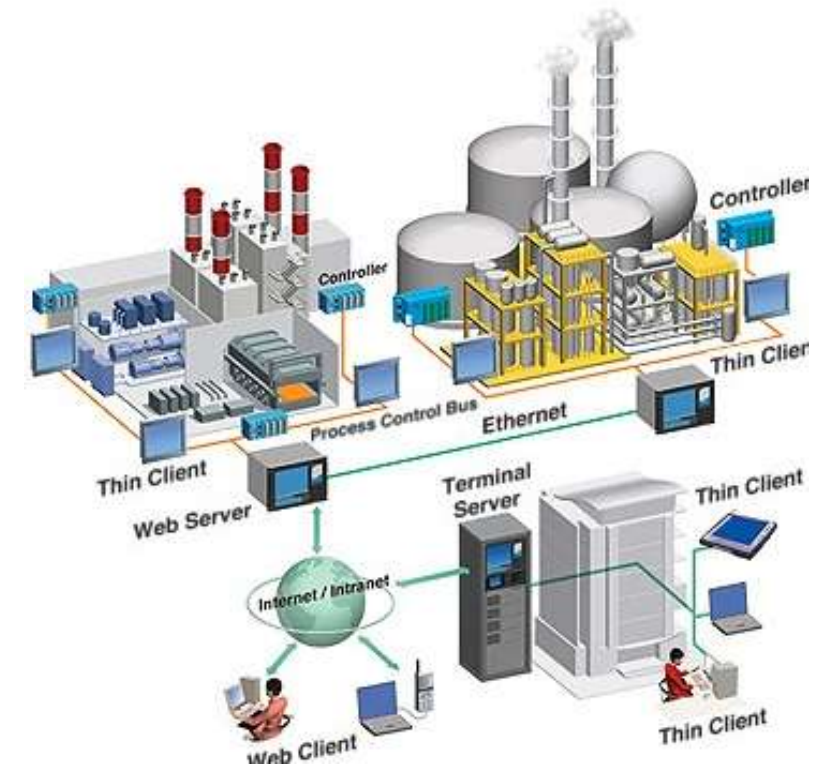

INDUSTRIAL & BUILDING AUTOMATION

HuNet offers a wide range of services such as Systems Integration, Project Planning & Consulting..

We are experienced in Automation & Control systems

We are specialized in Industrial & Building Automation. Providing total solutions by Process Automation

At HuNet it is our mission to provide the highest levels of quality, professional integrity and expertise to all of our clients..

PROFESSIONAL EXPERTISE

Industrial Verticals

- Steel Plants
- Waste Water Treatments
- Tyre Manufacturing
- Food & Beverages

Integration Expertise

- PLC
- SCADA
- Advanced Control Systems
- Manufacturing Management Systems
- Software Application & Development

SUPPORTS AND SERVICES - SCADA

Products Expertise

- Wonderware InTouch
- Wonderware Historian
- Wonderware System Platform
- Industrial Application Server
- Device Integration
- Wonderware Information Server
- Customized .NET Reporting Tools
- HMI

Services we offer..

- Customized SCADA application development
- Update/Modification/Extra Features Addition to existing SCADA application
- Server client SCADA architecture development with redundancy
- Configuration of Historian Server and client
- Configuring OPC servers and Device Integration software's
- Development of customized report generation tools using standard Reporting tools or our own customized application developed in .NET environment
- Configuration of Wonderware Information Server
- SCADA application development for HMI's
- License management

SUPPORTS AND SERVICES - PLC

Siemens PLC

Allen Bradley PLC

Moog PLC

Automation Infrastructure Management

- Provide end to end customized automation solutions for different industrial processes
- Provide service for existing automation infrastructure
- Data access server management

Services we offer..

- Digital and Analog sensors configuration
- PLC programs in FBD and Ladder Logic
- Interfacing field instruments with PLC
- Establishing communication network
- New program logic development
- Modifying and updating existing PLC logics
- P&I - BOM - IO Calculations
- Automation equipment supply

MANUFACTURING AND SERVICES – INDUSTRIAL PANELS

Designing and Developing Control Panels for Industrial and Utility Applications is a multi-step process that requires attention to details. We have potential to build every type of panel – **low voltage control panels, motor control panels, substation panels including simplex, duplex and freestanding enclosures, modular racks, as well as entire substations..**

- Switchgear Supply
- Panel Design
- Panel Fabrication
- Panel Installation
- Field Wiring

PRODUCT DESIGN & MANUFACTURING SOLUTIONS

- Full fledged Design & Engineering facility
- Custom built Solutions with a strong background of Application Engineering
- Outsourced capability for manufacturing
- Solutions to Special Purpose Machine (SPM) Design & Development

CLIENTS

Our Esteemed Client's:

- TATA Coffee, Hyderabad.
- MRF, Goa.
- JSW, Bellary.
- West Coast Paper Mills, Dandeli.
- BARC, Mysore.
- Moog, Bangalore.
- Associated Furnaces, Korba.
- INDO US MIM Pvt LTD, DoddaBallapur.
- COTMAC Electronics Pvt Ltd, Bangalore.
- Kalyani Steels, Hospet.
- Rukminirama Rolling Pvt. Ltd., Goa.
